About Us

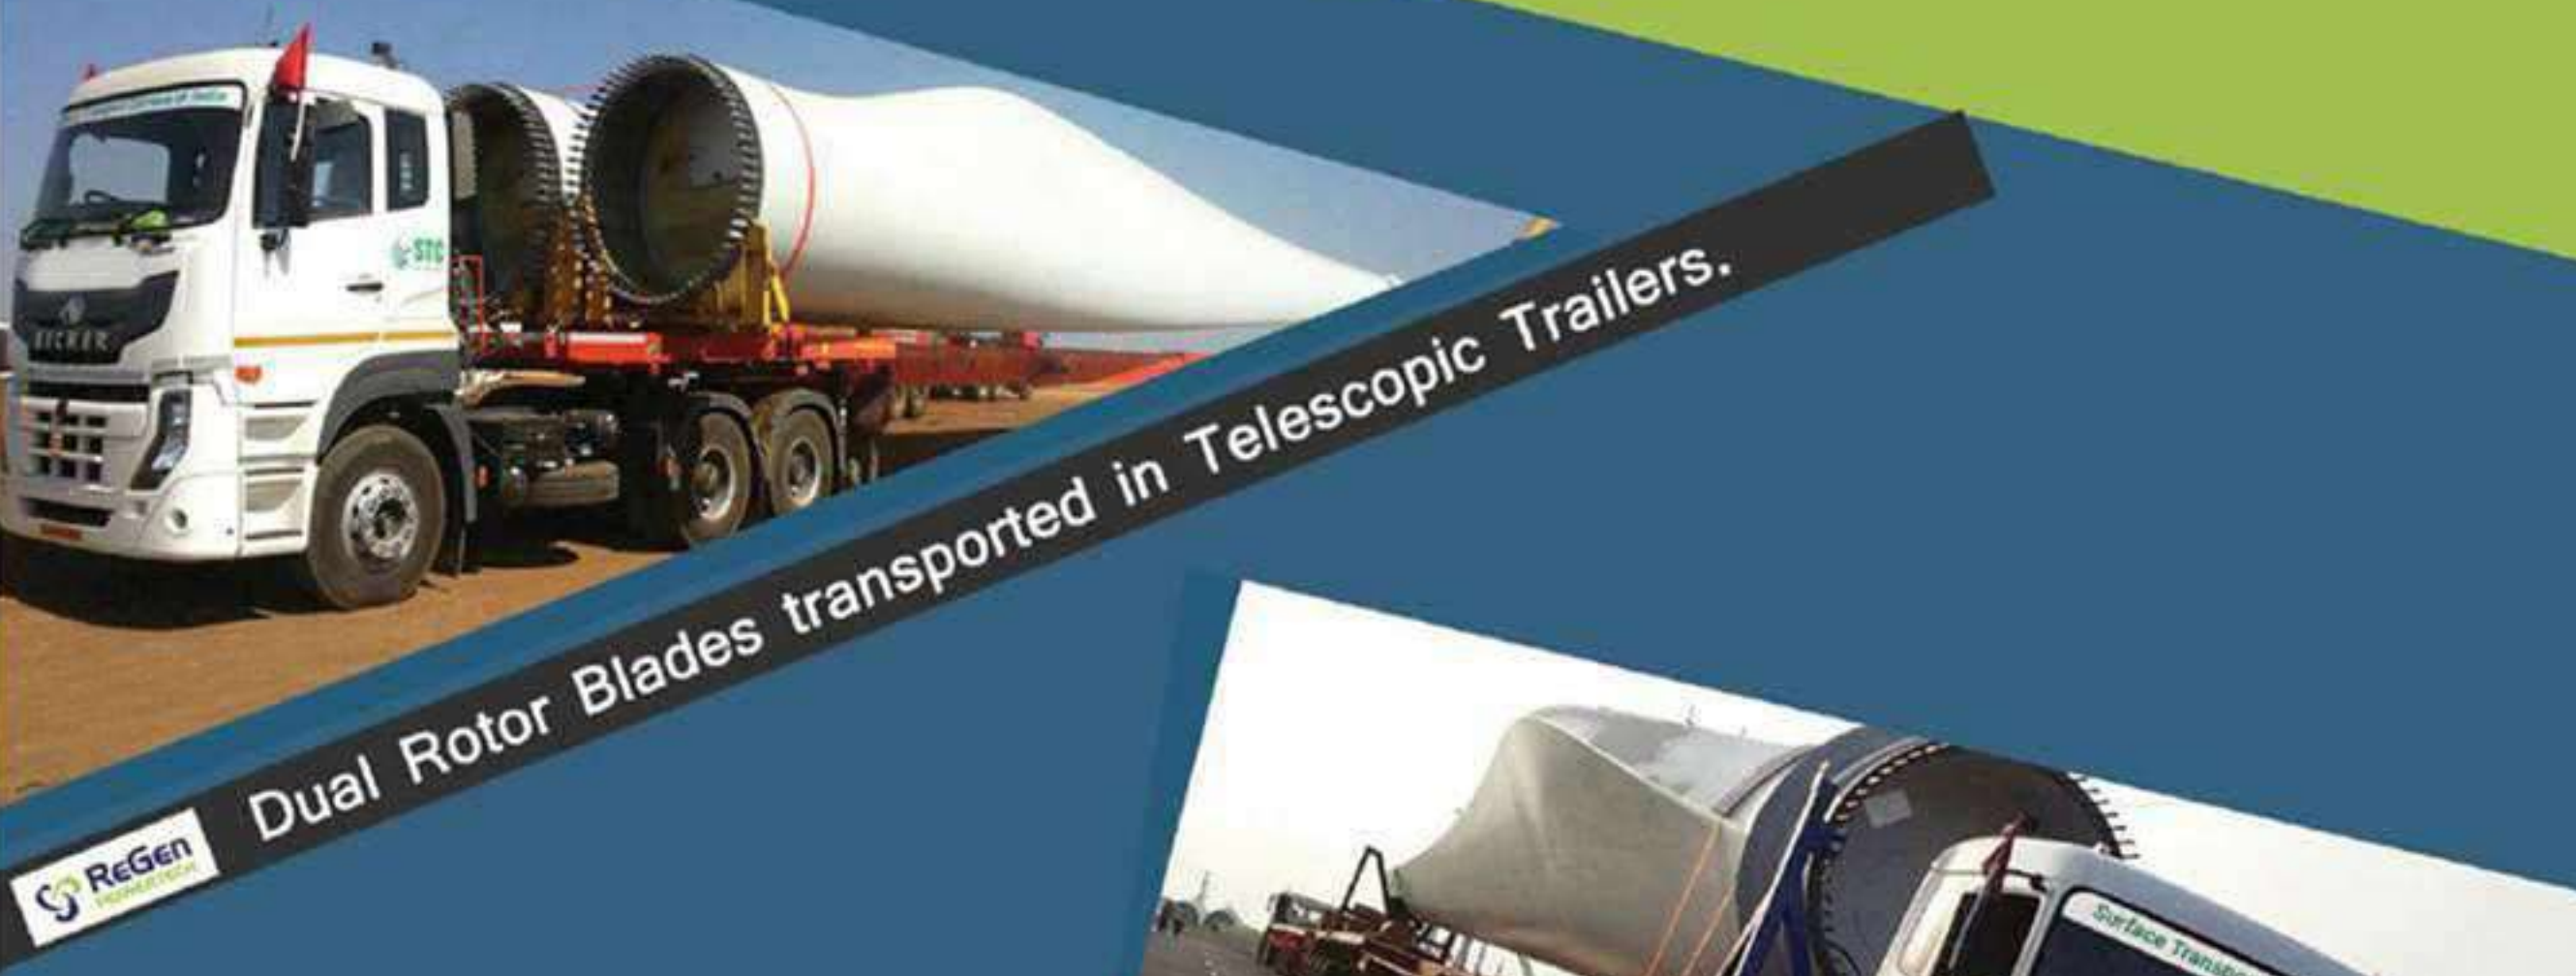

Surface Transport Carriers Of India has transported more than 100 trips of dual blades using Telescopic Trailers across India. STC, at present, transports Multi Megawatt Rotor Blades in varied sizes for Gamesa, Suzlon, Leitwind, Inox Wind, ReGen etc. We are capable of transporting 80 meter blades across India.

STC has its own fleet of six sets of Volvo-Eicher Prime Movers coupled with 50 Meter Telescopic Trailers. We are capable of transporting single and dual rotor blades across India. STC fleets are fitted with GPRS system and can be tracked 24 X 7.

STC is spearheaded by Mr. K.P. Chandrasekar as President & CEO. He has more than 20 Years of experience in Project Cargo movements across the World, especially in Wind Turbine Components transportation in India and Sri Lanka. He has also moved the world's biggest Power Boilers to China. He has worked as the Head of Logistics in Foster Wheeler Energy, Suzlon Energy, ReGen Powertech and was instrumental in creating 70 feet to 110 feet mechanical Trailers for transporting blades. He pioneered transportation of two rotor blades in a single Telescopic Trailer across India and also transportation of two Generator Assemblies on six-line Modular Hydraulic Axle vehicles across India.

Projects

ReGen Dual Rotor Blades transported in Telescopic Trailers.

72x72 49 Meter Rotor Blades transported in Telescopic Trailers.

50 Meter Rotor Blades transported in Telescopic Trailers.

Gamma 56 Meter Rotor Blades transported near Kurnool.
